By Trisha Freeman. In the Assembly workbench, locate the "Scenes" toolbar. (If you cannot find the toolbar, go to View à Toolbar from the windows menus at the top of the screen and turn it on).. When creating multiple scenes, it is always a good idea to start off by creating a default generic scene that displays the original product file with all components in their correct location.

CATIA Part Design & Sketcher CATIA® V5R19 Part Design & Sketcher CATIA Version 5 uses the Sketcher workbench as its principal method to create profiles. These profiles can be constrained using many different types of constraints. The first objective of the course is to learn to use the Sketcher and constrain your profiles to the desired specifications.
