Chainsaw - Wikipedia

Husqvarna 572 XP® - the world's most advanced chainsaw. Husqvarna's first chainsaw was launched in 1959, and it was black and orange. Husqvarna products have been orange ever since. In 2009, we celebrated 50 years as a chainsaw manufacturer.

History of Chainsaws or Chain Saws - The Inventors

1945: Chain saws before the end of World War II are heavy, often wheeled, two-person devices. The development of aluminum alloys and forged steel parts leads to one-person saws.

Chainsaws: A History: David Lee, Mike Acres: 9781550173802 ...

If you like large color pictures of old chainsaws this book is for you. Amazing pictures of old old saws mostly in color some b/w of original use. The history of each company is presented in brief but very informative form. Was a little disappointed in that it was more for the large two man saw and early one man saw more for logging.
