Markets and Morals: Limits to Money Power - Master of ...

As such, both men and markets require a moral framework for personal behavior and a set of governance rules that regulate the relative power and economic behavior among groups. In Moral Sentiments , Smith foresaw the need for a strong system of justice and self-command to achieve a well-functioning economic and social system.

Morals and Markets by Daniel Friedman is a very different book than I expected it to be. I expected morals to be more in the forefront but they were more in the background. Regardless, this book is very well written. The subtitle "An Evolutionary Account of the Modern World" is a much better description of exactly how the book is.

Journal of Markets & Morality | Markets & Morality

This is the question that political philosopher Michael Sandel examines in his book *What Money Cannot Buy: The Moral Limits of Markets*. Though markets have been in existence for very long, “market triumphalism”, where more and more countries embrace the market mechanism, is a post-Cold War phenomenon.
