If your LG refrigerator is leaking water into the floor from the freezer compartment, there could be several reasons why. Assuming your refrigerator hasn't lost power and the water isn't from thawing and melting items in the freezer, then you can begin investigating some common reasons why water might get onto the floor of your kitchen.

Official LG Refrigerator Parts | Order Today, Ships Today ...

I bought a LG Fridge Freezer approximately 3 years ago. The model is No Frost, Multi Air Flow, GR-389SQF. The no frost function has stopped working and a slab of ice is building up on the bottom below the last draw of the freezer. Any idea why this would suddenly start happening and how can this be fixed?
