Software Engineering Fundamentals.ppt
Software deployment is all of the activities that make a software system available for use.. The general deployment process consists of several interrelated activities with possible transitions between them. These activities can occur at the producer side or at the consumer side or both. Because every software system is unique, the precise processes or procedures within each activity can ...

Software Engineering - QJAU
Roger S. Pressman. 3.71 · Rating details · 817 ratings · 33 reviews ... This was the college textbook for one of my Software Engineering courses. It's pretty thorough, and is a good (if dated) introduction to the topic of Software Engineering, but not exactly a page turner.
