System dynamics 3rd edition palm solutions manual. Imaginary roots occur when $a = 0$ (the roots are $s = \pm b$) In this case the free response is a constant-amplitude oscillation. Case 2 occurs when $b = 0$ and $a > 0$ (the roots are $s = 0$ and $s = -a$). In this case the free response decays to a non-zero constant.

System Dynamics
3rd Edition by Palm

This was the only text for the course and I honestly couldn't find another text of system dynamics that I could get a hold of quickly enough to master the material. In my opinion this book is a great resources if MatLab is available wherever you may be whether it's in higher education or in the field.
