However, human progress is much more complicated than this. What seems like progress over the short term can end up being highly destructive over the longer term. Furthermore, anytime we create new capacities or resources, we also introduce new threats - so progress is not a simple forward movement.

### **The Human Venture**

The Human Venture is not utopia or pie-in-the-sky idealism. It's about the collective and cumulative efforts of individuals and societies to shape our own evolution - our own becoming as a species - in ways that are wise and not destructive.
