### Reviews : The Unconscious at Work: Individual and ...

Sigmund Freud didn't exactly invent the idea of the conscious versus unconscious mind, but he certainly was responsible for making it popular and this was one of his main contributions to psychology.. Freud (1900, 1905) developed a topographical model of the mind, whereby he described the features of the mind's structure and function.

### The Unconscious at Work: Individual and Organizational ...

The Unconscious At Work is probably the most influential book I have read on organization life, and what makes people tick in the organizations they belong to. Seven years on, I still refer to the examples in this book to explain my impressions and understanding of interactions between individuals and teams.
