Why We Buy - Coroflot

"The science of shopping is a hybrid discipline," he concludes, "part physical science, part social science, and only part science at all, for it is also partly an art. But it is always a practical field, concerned with providing information that can improve the retailer's edge and cut the odds of making a wrong decision."

Understanding The Science Of Shopping : NPR

Fieldwork in any physical or social science is difficult. We found that, for our purposes, smart, creative people — artists, actors, writers, a puppeteer — often have what it takes. Beyond the fact that they have no theories to uphold or demolish, their professional skills are often rooted in their ability to observe.

Why We Buy: The Science Of Shopping - Paco Underhill ...

Why We Buy is a summary of some of the important findings coming out of that research. The book is divided into three parts. The first part considers the mechanics of shopping: how people physically react to the layout of space, other people in the store, etc. The second part deals with the demographics of purchasing:
